

REMARKS

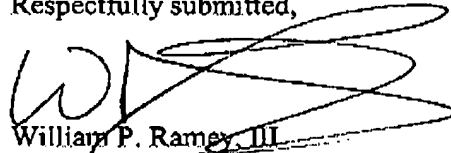

This amendment corrects errors in the text. Entry is respectfully solicited.

In Applicants' Response to the Final Rejection of February 24, 2005, submitted on August 17, 2005, Applicant's canceled claims 11, 13, and 23, among others. Inadvertently, allowable subject matter, claims 28, 29, and 31, depended upon claims 11, 13, and 23. The dependency was not previously properly corrected by amendment. As a result, the Examiner then canceled claims 28, 29 and 31 in the Notice of Allowability. Accordingly, Applicants are now submitting this 312 Amendment to reclaim the subject matter that has already been deemed free of the prior art by the Examiner. Therefore, no further examination is required. The scope of the claims has not been changed from that which was determined to be allowable.

CONCLUSION

This amendment is submitted prior to the payment of the issue fee and, therefore, no petition or fee is required. No new matter has been added.

Respectfully submitted,
